Natural Sciences Publishing

Applied Mathematics & Information Sciences Letters (AMISL) offers an exciting publication outlet or novel and frontier applied mathematics and information sciences. It encourages the submission of new research on: computer science, theoretical physics, nonlinear science, mathematical and computational physics, general and cross-disciplinary informatics (including foundations), bioinformatics and nanoscience.

We are very pleased to inform you that your paper has been accepted for publication in our journal and will be published in the next upcoming issue.

Your research contribution has added significant value to the field, and we appreciate the effort you have put into this work. The paper has been reviewed by our editorial board and has been accepted based on the high quality of research and new work presented.

To ensure that your paper is published on time, please submit the final version of the manuscript with the required formatting within 5 days.

We look forward to future collaborations and thank you for your contribution.

Sincerely,

NSP Chairman and Managing office.
